

IMPORTANT: PLEASE READ.

Unpack and inspect the product for any damage. If you find damage, do not install. Contact your place of purchase. If you need assistance or have questions installing your mirror, please call our customer service department at 718-366-1966.

We recommend consulting a professional if you are unfamiliar with the installation of bathroom fixtures. We recommend all electrical connections to be completed by a licensed professional.

Sofia Medicine Cabinets accepts no liability for any damage to the mirror or wall or for personal injury during installation.

1. Switch on the power, then press the "①" to test the product.
2. Dimmable: Turn on the switch, then hold/press ① to adjust the light.
3. Color Temperature: Turn on the switch, press ① again to change the color temperature
4. Anti-fog: Press ② to control the anti-fog

Switch off the power, and then use a terminal block to connect the three-core exposed wires with those reserved on the wall

Recommended Installation Tools(as shown below)

Tape measure

Pencil

Drill

Hammer

Screwdriver

1. During operation, never put hard or sharp materials directly against the mirror surface, or otherwise, it may result damage to the glass. Never place mirror surface face down.
2. Unpack the mirror and check the box thoroughly for all hardware and loose parts.
3. During operation, never forcibly pull out the power plug to turn off the product, or otherwise, electric elements within the product may be damaged.
4. This mirror is for indoor use only. Observe all local electrical and building codes.
5. DANGER: RISK OF ELECTRIC SHOCK. Disconnect power before any installation of this item.
6. Level and mark holes on wall for installation. Locate studs and drill four holes. If no studs are available, utilize wall anchors.
7. Use only a damp cloth to clean mirror. Ammonia or vinegar-based cleansers will damage this product. A 50/50 solution of water and isopropyl alcohol is recommended for cleaning this product. When applying, remember to spray or wet the cloth, not the mirror itself or surrounding surfaces. Do not use abrasive cleansers on any part of mirror or assembly. Doing so may result in damage to the same.
